

Summary of  
Award and Scholarship Opportunities  
In Oklahoma 4-H

# Project Areas

## Objectives for completion of project work

**The pages that follow list the project areas that will “stand alone” or be judged independently during the current year.**

Each stand-alone project has objectives that are meant to guide a 4-H members project work, and to help ensure that the member has a well-rounded project experience. At the top of each page are four general objectives that apply to all project areas. It is expected that as a result of participation in 4-H, that a member would make progress toward those four objectives; in addition to the specific objectives for the project he/she chooses to focus on.

4-H members who work in other projects (those that are not “stand-alone” projects) will compete in one of four All Other Projects areas:

All Other Projects, Natural Resources  
 All Other Projects, Science and Technology  
 All Other Projects, Health and Wellness  
 All Other Projects, Family Strengths

It is up to the member to determine which of these areas best describe his/her project work, and to be sure the county educator knows in which category the project record book is to be entered.

### **Why do we have objectives for project work?**

- Objectives provide standards or guides for project work – they provide direction
- Members who work toward those objectives have the opportunity for similar project experiences
- Judging committees use objectives to evaluate progress a member has made in improving his/her skills in a particular area

<b>Projects and Objectives</b>			
<b>Project</b>	<b>Donor</b>	<b>Award</b>	<b>Objectives</b>
<b>Objectives for All Projects</b>			<ul style="list-style-type: none"> <li>• Apply all 4-H training and experience in choosing and preparing for a vocation</li> <li>• Practice leadership skills and roles in 4-H and the community</li> <li>• Take part in community affairs and demonstrate citizenship responsibility.</li> <li>• Develop integrity, sportsmanship, decision-making capability and public speaking skills through experiential learning.</li> </ul>
