GENERAL RULES AND REGULATIONS

1. INTERPRETATIONS, AMENDMENTS, AND VIOLATIONS

The Creek County Fair Board reserves the final and absolute right to interpret all rules and regulations in this premium book, and arbitrarily settle and determine all matters, questions and differences in regard thereto or otherwise arising out of, connected with, or incident to the Show. The Fair Board reserves the right to amend or add to these rules as they, in their judgment, may deem advisable.

2. SHOW RING CODE OF ETHICS.

Believing it is in the best interest of all breeders of all livestock to maintain a reputation of integrity and to continue to present a wholesome and progressive image in the show ring, the following list of practices are **considered unacceptable** in the presentation of livestock. The use of such practices or procedures is, therefore, **considered a violation** of the Rules and Regulations of this show.

- Misrepresenting the age of any animal.
- Treating or massaging any part of the body of an animal, internally or externally with an irritant, counter-irritant, or any other substance to temporarily straighten a weak back or loin or to produce unnatural animation.
- Minimize the effects of cramps by feeding or injecting drugs, depressants or applying packs or using any artificial contrivance or therapeutic treatment except normal exercise.
- Striking the animal to cause swelling.
- Surgery or any other procedure performed to change the natural process of growth, maturation, contour or appearance of any animal, to include teeth, is prohibited. Not included is the removal of teats or horns, castration, clipping and dressing of hair and trimming of hooves.
- Insertion of foreign material under the skin.
- Any attempt to change natural color of an animal at the show, by changing the color or adding false hair, fleece or skin at any point or area of the animal, unless exempted in the individual species rules.
- The use of alcoholic beverages in the feed or administered as a drench is expressly prohibited.
- The practice of artificial filling internally or by pumping or any other device is prohibited unless otherwise specified by the species rule.

- Administration of a drug internally or externally, prior to entering the show ring, except for treating a recognized disease or injury, or tranquilizing females in heat. The use of any chemical and/or compound that is not approved by the Food and Drug Administration for use in meat producing animals and the illegal use of approved chemicals or compounds are prohibited. All animals are subject to tests for foreign substances that exceed the acceptable levels established by the USDA, FDA or EPA. A positive test will result in disqualification, forfeiture of any premiums and/or awards and will exclude the exhibitor from future competition at the Creek County Livestock Show. All exhibitors shall follow label guidelines and adhere to withdraw times for any medications administered prior to or during the show.
 - Criticizing or interfering with the judge, other exhibitors, breed representatives, or show officials before, during, or after the event.
 - Any violation of the Rules and Regulations may result in forfeiture of all premiums and awards, disqualification of entry, expulsion or probation of the exhibitor, organized group, and individual or livestock involved. All disciplinary actions of the Management will be final. Such action will require application for readmission under terms the Management may prescribe before the group or individual is allowed to exhibit at future events. Anyone (including, but not limited to Exhibitors, Ag Teachers, Parents, Friends, and Relatives) involved with livestock exhibited at the Creek County Livestock Show is to abide by the Rules and Regulations of the show. Violators will be disciplined by the fair board.
3. The individual Species Committee will have the right and duty to interpret and act on any violation of the rules. Two of the three Species Committee members can act to disqualify any exhibit in which a rule violation has occurred. The decision of that committee will be final.
 4. Livestock must be shown by their owners, in class, as well as sale order. Any exemptions to this rule must have prior approval by the individual Species Committee, except in the case of an exhibitor having multiple animals in the class or sale order drive. Violations to this rule will result in the animal being pulled from the class or sale order. The animal will be disqualified.
 5. The sponsors of the Creek County Livestock Show have always paid in full with cash premiums, but, if for any reason the money appropriated is insufficient, the cash premium will be discounted pro-rate.

6. The exhibitor must own and have in possession all livestock according to the following dates:

9. Exhibitors 9 years and older must be a bona fide member of 4-H or FFA and must be a resident of Creek County or attend a Creek County School to be eligible to show. 11. Designation of FFA Chapter or 4-H Club will be required on the pre-entry form. This designation will be final. No changes allowed.
12. Any exceptions to any rule will be decided by the individual Species Committee.
13. Exhibitors will not be allowed to stay overnight in barns.
14. No livestock entries can be removed from the barns until the conclusion of that species' show. Any exhibitor who violates this rule will have any exhibits banned from the Premium Sale and will forfeit any and all prize money won.
15. All livestock must be in assigned area of the fairground at the designated times found in the schedule of events, and remain in place until dismissed by the announcer. (No Showing of Livestock from trailers)
16. This Show is a part of a Youth Educational Program; therefore the exhibitor must be involved with the grooming and care for their own animals.

17. Only one animal may be sold by an exhibitor in the Premium Sale per year.

18. Each Exhibitor selected for the Premium Sale is required to attend and exhibit their animal in the sale ring. Failure to attend the Premium Sale will result in forfeiture of Premium money. Extreme emergencies may be grounds for exemption to this rule, but only with the prior approval of the Fair Board. **Special Displays:** All Grand and Reserve Grand that qualify for the sale will be on display at the Premium Sale auction.

19. All exhibitors should write thank you notes to Buyers and Donors.

Any animal may be removed from the show by members of the individual Species Committee, if found to have any contagious disease or condition. **All sheep and goats must abide by state regulations for Scrapies.**

Market Hog Rules

Nomination Process:

- All Market Hogs must be owned by December 14, 2007.
 - All Market Hogs will be tagged and ear notches read with a Creek County Tag by December 14, 2007 by an Ag Ed Teacher or Extension Agent.
 - A form listing the family name, breed description, ear notch, and Creek County tag number must be turned into the OSU Extension Office by December 14, 2007. All Market Hogs must be included in this form, or will not be allowed to show.
1. All Market Hogs will be positively identified from the Creek County Nomination Forms at the Creek County Livestock Show if they are selected for Sale Order by the Swine Committee or a representative thereof.
 2. No more than three (3) Market Hogs may be shown by any one exhibitor.
 3. Swine exhibitors may **NOT** use any paint, oil, sheen, or any product for coat dressing on day of show. **WATER ONLY.** Any Swine inspected by the Swine Committee and found to have anything other than water for coat dressing will be disqualified.
 4. All swine may be clipped at the Creek County Livestock Show; however, the practice of "snaring" swine is expressly prohibited at the Creek County Livestock Show.
 5. The Swine Committee will classify market hogs during weigh in. All Market Swine should meet classification guidelines for breed character as outlined in the 2008 OKC Spring Fair Rule Book. *Prior approval from 2 members of the Species Committee of any questionable animal is recommended.* Any swine not having prior approval and not meeting these qualifications WILL BE DISQUALIFIED. THEY WILL NOT BE ALLOWED TO ENTER THE CROSSBRED SHOW.
 6. To determine if there are enough swine to have a breed, the total number of Market Hog entries will be divided by 42, and rounded to the nearest whole number will equal the minimum number of head to make a breed. If less than that number, they will show with Crossbred.
 7. Market Hogs must weigh between 200 and 290 pounds during weigh in. One reweigh will be allowed only on Market Hogs over 290 or less than 200 pounds. The exhibitor will be given until 3:30 p.m. to reweigh. No Market Hogs weighing less than 200 pounds or more than 290 pounds will be allowed to show. All Swine will be officially weighed by the Swine Committee; each exhibitor is responsible for a weight card properly filled out and bringing their animal to the scales. Gilts that are over or under the weight limits **will be** allowed to show in the Breeding Show. The animal's actual weight will be what is used to break classes. The animals will not be reweighed during the show. Market hogs will be called and weighed by breed (same order as show day).
 8. The Swine Committee will break the classes. There will be no fewer than 22 classes and no more than 28 classes of Market Hogs.
 9. There will be 42 Market Hogs in the Premium Sale. 42 divided by the total number of head entered the day of show will determine the percent of each breed eligible to make the sale. The judge will select the number of sale animals per breed based on quality. **NOTE:** When there is more than one class per breed, a first place pig is not guaranteed in the Premium Sale. Final Premium Sale order will be determined by the Fair Board based on the number of animals in each breed and final breed placing. If there aren't enough entries in 2 or more breeds to meet the minimum number required to make a breed, they will be combined in an OPB class. If the total number of entries in the OPB class meets the minimum number required to have a breed they will be allowed in the Premium Sale.
 10. After Champion and Reserve Champion of each breed are selected, the judge will line up as many Market Hogs as he/she and the Swine Committee deems necessary for the Sale Order and alternates. If animals are not at the ring by the third call, they will be dropped and the next lower placed animal will be called.
 11. A swine exhibitor may exhibit a Gilt as Breeding Gilt or Market Hog; but not both. Exhibitors do not need to designate Gilts as Market or Breeding at nomination nor on entry form.
 12. Showmanship for all Swine exhibitors will follow the conclusion of the final Premium Sale line up. Only exhibitors that have a hog entered in their name and exhibited by the owner are eligible. (If you just showed a hog that belonged to someone else, you CANNOT compete in swine showmanship. Classes are based on the age of the exhibitor as of the day of the show. Age Divisions are as follows:
 - Peewee – 7 & 8 years old
 - Junior – 9, 10, 11, or 12 years old
 - Intermediate – 13, 14 or 15 years old
 - Senior – 16, 17, or 18 years old
